

SPEECH & LANGUAGE HOLIDAY BOOSTER CAMP

"BE A PART OF OUR IMMERSION
PROGRAMME THAT SEEKS TO
STIMULATE SPEECH, LANGUAGE
AND COMMUNICATION SKILLS IN
YOUNG CHILDREN"

**FOR AGES
6-9 YEARS
OLD**

**TOTAL
COMMUNICATION
THERAPY PTE LTD**

10 WINSTEDT ROAD BLOCK A
#02-01 SINGAPORE 227977

OUR YEAR END HOLIDAY BOOSTER PROGRAMME WORKS ON IMPROVING THE FOLLOWING:

By Speech Language Pathologists, Occupational Therapists and Educational Therapists

- Speech Clarity
- Receptive Language
- Expressive Language
- Pragmatic (Social) Language
- Cognitive Language
- Phonological Awareness
- Organisational Skills

Does your child:

- Have immature speech or is difficult to understand?
- Have trouble following instructions at home or in the classroom?
- Use incorrect grammar such as “too much people” or “he cutted up the picture”?
- Have difficulty speaking up, interrupting, or getting to the point when talking?
- Sometimes struggle with paying attention?
- Need help completing their homework without you asking?

If you answered yes to any of these questions, your child may be the perfect candidate for our speech and language booster group programme running this end of year holiday period.

ELEMENTARY GROUP

BRING ON THE HOLIDAY CHEER!

When: School Holidays
(Weekly camp starting from 28 October)

Targeted group: 6-9 years old

Timetable: Monday- Friday, 9am to 12pm

Duration: 3 hours

Commitment: Choose to enrol your child for 1 week up to 7* weeks

*New content is covered each week so you can sign up for as many weeks as you wish

Can't commit to a week? Speak to our team about our day programmes.

Please provide a small morning tea/snacks for your child

Benefits:

- **Small Groups** – We keep a ratio of 1-2 therapists per 3 students so that your child receives specialist intervention. We select students who will complement each other's learning styles
- **Goal Setting** – This is performed by your child with support from the therapists so that they keep track of their progress over the week
- **Station Activities** – Your child is 'scaffolded' to work at the level that suits their current skills. Various activities (stations) encourage a healthy balance of independent learning with structured support tasks
- **Whole Group Learning** – even children with well-developed social skills require some instruction and opportunity to practice their interactions with others. Our groups include both a structured social setting (learning activities) and more informal social opportunities (breaks) so that your child can develop their interpersonal skills to a high level.
